KAUAI POLITICS AND CANDIDATE

No Lack Of National For Honors In County

LIHUE, Kauai, Aug. 15. — The approaching election has so far not made much stir in the different districts of Kauai; in fact, for several offices no candidates but the present office-holders have announced themselves. There are some exceptions, however, notably as are the positions as Supervisors in demand.

In Hanalei there seems to be no less than seven residents that want to have a chance to guide the destiny of the district during the coming period. Besides the present incumbent Charles Kahoe, there are two other Republicans looking for the nomination from their party. Chas. B. Ma-kee has been approached by several of the voters with the request that he try for the place. He has been a resident of the district for years, and would not doubt pull a large vote from the many with whom he has had business connection. E. Deverill is another kamaaina in the valley who seems to feel pretty certain of capturing the coveted plum, while Chas. Kahoe, who has managed to get a remarkable lot of money appropriated for his district during the past two years, relies upon his past record to carry him through.

The Democrats and the Home Rulers each have two men in the field for nomination. S. Kanewai and J. S. Chandler appear to run about even, but then the party has hardly been organized long enough to carry its man to victory, but one of them will probably be nominated on the Democratic ticket. The Home Rulers have their stronghold in Hanalei, and in 1905 placed their man in the Supervisorial chair, in spite of the hard time he had to get there. D. Kaneall has utilized the two years which have elapsed since he stepped down to fortify his position for the coming election and feels pretty certain of occupying his old seat during the next two years, while Kuapahu, who also ran, probably will do the same this year.

In Kawaihau there is also an embarras de richesses of Supervisorial timber. Jas. Apolo, who has represented the district on a Home Rule ticket, at the present period will be in the field again with the remnants of the party back of him, while David Kalawala, who has been unsuccessful first with the Home Rule and later with the Republican party, will try his luck with the Democrats this year. The Republicans will have to choose between two men from their party, E. J. Morgan and J. B. Cummings, who are both reported to be seeking the nomination.

At Lihue, H. D. Wishard, who at present successfully acts as chairman of the Board, will have to look to his laurels, as he will have a competitor for the place in Kanikanihia, who has been put up by the new-formed Democratic Lihue Club.

In Koloa all factions seem to be satisfied with the present Supervisor, W. D. McBryde, and want him re-elected, while in Waimea A. F. Knudsen will have to overcome J. B. Namu from the Home Rule camp, and S. Makaila, who thinks he will be nominated by the Democrats.

The Deputy Sheriffs are all without opponents, so far as can be ascertained, with one exception. In Kawaihau, C. K. Hana, the jailer, who recently joined the Democratic party, expects it to give him the nomination, and later the election as Deputy Sheriff over the present incumbent of the office, S. W. Meheula, who is running on the Republican ticket.

The present County Attorney S. K. Kaeo, is out for renomination at the hands of his party and will probably get it without contest, though A. G. Kaulukou, who will run independently, will compete with him at the election.

The present County Auditor would also like another term of office, but Chas. Blake, as Independent, and R. Kaneall, as Democrat, want to see whether a vigorous campaign would not put either the one or the other in possession of the office.

PACIFIC FLEET PLANS ARE MADE

Seven Torpedo Boats In Fleet Soon To Arrive

Preparations are going forward rapidly on the Coast for the cruise of the Pacific Fleet to Honolulu and Samoa, as told in the following dispatches:

VALLEJO, Calif., Aug. 9. — The cruisers California and South Dakota are under orders to leave the yard for California City on next Sunday afternoon. The cruisers West Virginia and Maryland will sail on the following day for the same point, where all four ships will take on coal preparatory to sailing for Samoa.

The seven torpedo-boat destroyers, namely the Whipple, Truxtun, Hopkins, Hull, Stewart, Preble, and Perry, along with their tender the Solace, will coal at the yard before they leave during the middle of next week for San Francisco Bay.

The collers Justin and Saturn, which are now at anchor at Sausalito, will also accompany the Fleet as far as Honolulu. They will be the only auxiliary ships to sail outside of the Solace.

The Buffalo, which was to have gone, has had her orders revoked and instead will leave for Bremerton next week, where she will take on a cargo of flour and then leave for Manila.

VALLEJO, Calif., Aug. 7. — Word has just been received at Mare Island from Washington to the effect that the orders for the torpedo-boat destroyer Farragut of the Pacific Flotilla to accompany the cruiser fleet on the trip to Samoa this month along with seven other destroyers now at the yard had been revoked. The cause for this move is owing to the fact that the Farragut is badly in need of repairs. As the Farragut will not go, it is understood that the cruiser Charleston, now at the Bremerton yard, which was to have made the trip, will not accompany the Fleet. Over \$75,000 was paid out on the different ships at Mare Island yesterday.

The following itinerary of the Pacific Fleet, together with information concerning the Fleet and the itinerary, is posted at the Naval Station.

CAPT. McLEAN

Capt. W. H. McLean of the big ocean steamship City of Sydney of San Francisco and Panama makes this important statement:

"In December, 1904, I was in the last stages of Bright's Disease. San Francisco physicians told me that there was no show for me. The droopy was so deep that I could stick a finger in the flesh almost an inch. J. W. Burnham, President Burnham & Marsh Co., told me he knew several cases of Bright's Disease that had recovered under Fulton's Renal Compound. My old friend Donjon of Donjon & Peck told me the same thing—said he knew of worse cases than mine that got well. This started me. The first half-dozen started the change, and I am at this writing (ten months later) as well as ever, and can pass for life insurance. I have told passengers from all over the world of my recovery. This treatment ought to be known all over the globe."

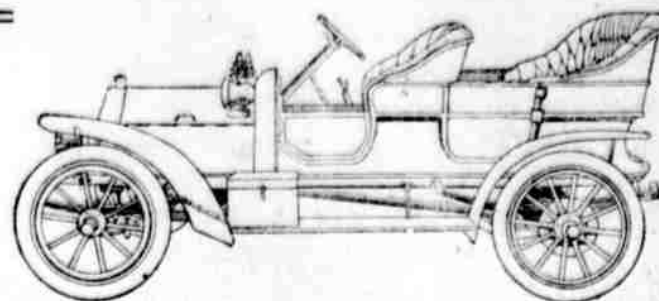

CAPT. W. H. McLEAN, Pacific Mail Dock, San Francisco. Bright's Disease and Diabetes are curable in 87 per cent of all cases by Fulton's Compound. Send for literature. Honolulu Drug Co., Fort St.

When to suspect Bright's Disease—weakness or loss of weight; droopy; puffiness; hands or eyelids; kidney trouble after the third month; urine may show sediment; failing vision; drowsiness; one or more of these.
